

April Prayer

Praise and Thanksgiving

- God's Character
- The ways we see God working
- Verses that have been meaningful to you

Healthcare Workers

- Dr. Amanda Watson
- Connie and Wayne White (their daughter is a cancer survivor)
- Jennifer Walker - pray that we have proper protection for our medical team to provide the best care for our patients.
- Dr. Shelli Coleman-Dodd - pray my family can stay well while I work with patients
- Mallory Rodriguez
- Amanda Cobb
- Jessica Kitchens - Praying that testing (my field) gets streamlined and accessible where we are! And that my dad gets negative results.
- Dana Daughtry - please pray for my family. I am an RN and currently in self quarantine due to fever. We have 4 children, one that is a heart patient and the other with active leukemia. Thank you so much for your prayers
- Jennifer Lewis

Healthcare Workers - continued

- Cheri Sellepack
- Stacie Helm
- Jodie Perkins
- Bethany Joy
- Staff - Cardiovascular Intensive Care Unit (CVICU) at Le Bonheur Children's Hospital
- Local hospitals - Le Bonheur, St. Jude, Regional One, Baptist, Methodist

Sunshine Families

- **Mindy** - Faith is getting her chemo as we speak! I'd love prayers for NO corona virus for Faith and our entire family as Jacob, Caroline and Darren are ALL still working!! This makes us all very nervous for Faith's health. Please pray we ALL stay healthy throughout this season
- **Shep** - Shep was born in March 2019 and was unresponsive at birth. He has epilepsy & hearing loss and is currently inpatient at LeBonheur
- **David and Amy** - RaeAnn has a heart cath & biopsy on Friday & if all goes well, they will be able to go HOME after being inpatient for almost six months
- **Daniel's family** - Daniel lost his battle with heart disease recently. Pray for God's comfort for his family.
- **Sunshine** - No serious seizures for Ty. Continued provision through these uncertain times ahead.
- **Christa** - prayers for sleep. Her son JJ is energetic and doesn't sleep much.

Sunshine Families

- **Mickey** - We have so much going on. I need 4 small leg surgeries to clean the stenosis veins in both legs. My husband's mom is dying. We have been busy dealing with all that.
- **Josiah** - 6 year old diagnosed with Medulloblastoma and in treatment in Cincinnati
- **Jennifer** - prayers for family to all stay safe and virus free! Her older kids are having a hard time on lockdown so prayers for them too.
- **Chelsey** - continued prayers for Lincoln. Waiting on a heart transplant
- **Stacy** - just got home early this week from a hospital admission for Josiah. His seizures have been out of control. So prayers for his health and for avoidance in getting this virus would be much appreciated! We are otherwise enjoying this precious time Of being still
- **Elizabeth** - I received a phone call from her doctor in Vanderbilt today and they are wanting to put Tynleigh asleep for an hour long surgery. Tynleigh doesn't do well being put to sleep, so it's definitely nerve racking for us all. I would love your team to pray for her.

Sunshine families

- **Wanda** - Please pray for my daughter, Tookie. Right lung is full of fluid. Trying to get over bronchitis and strep. Hasn't gotten out of the bed in several weeks. But she is always happy.
- **Sarah** - Maddy loves her sunshine box! Her favorite item was the puzzle. Items she can share with her twin sister are great! I have two prayer requests: 1. Maddy will have her 3rd high dose methotrexate next week. Pray she handles it well. 2. Madelyn's father travels for work. Please pray that he stays healthy and all of our family is able to keep any viruses away for Maddy.
- **Wendy** - Her son Easton passed away in October. The last 5 months have been a complete blur my heart is so broken I had hoped he was going to make it home. He was quite a fighter I am taking things one day at a time if you can continue to keep me in your prayers I am actually going to be starting a new job because I had been home with my son for 5 years so I feel as if I am starting over.
